Devin's Glen Board of Directors,

The SMHA conference room is available to sub-associations when staff is available and with the understanding that all members of the sub association community behave in a neighborly and respectful manner. This has not been the case recently and SMHA now requires that Devin's Glen has either a Sherriff's deputy or the Devin's Glen association attorney at all meetings to ensure that SMHA staff does not have to engage as a "bouncer" or mediator to control neighborly, disruptive, or threatening behavior.
